Our Operation

Potlako logistics operations have experienced rapid growth driven by effective system implementation and proactive client management. With an owned fleet, the company is well-positioned to adapt to rapid market changes and seasonal volume fluctuations throughout the year.

To enhance efficiency, Potlako Logistics has invested in new-generation trailers designed to carry higher payloads. This innovation allows us to move more goods with fewer trucks, reducing road congestion and lowering our overall carbon footprint.

THIS APPROACH REFLECTS OUR COMMITMENT TO ENVIRONMENTAL RESPONSIBILITY BY *WORKING SMARTER NOT HARDER.*

The current owned fleet consist of:

- Side Tippers
- Tautliners

POSITIONING POTLAKO LOGISTICS AS ONE OF THE LEADING SUPPLIERS IN THE MARKET

Tailor made Solutions

Potlako Logistics is a proudly approved SQAS member, demonstrating our commitment to safety, quality, and environmental responsibility in all our operations. We specialize in local and cross-border transport services, ensuring reliable and efficient movement of goods across Southern Africa. Our expertise covers:

DRY BULK TRANSPORT – safe and efficient handling of high-volume bulk commodities.

PACKAGING TRANSPORT – secure and professional delivery of packaging materials.

With a focus on compliance, customer satisfaction, and operational excellence, Potlako Logistics continues to provide trusted transport solutions that support the growth of our clients and contribute to sustainable supply chains.

Potlako Logistics has dedicated significant effort to establishing a strong footprint within the mining sector, recognizing its vital role in driving economic development. Our tailored logistics solutions support both “mine-to-port” and “mine-to-factory” supply chains, ensuring efficiency, reliability, and sustainability throughout the value chain.

By aligning our operations with the needs of the mining industry, we not only strengthen supply networks but also contribute to job creation and broader socio-economic growth within the sector.
